

STILL A NEW SCHEME

For a Free Crossing of the River for Island Citizens.

IT WAS TO BE SPRUNG LAST NIGHT

If Council had got a Quorum—The Meeting to Grant the Island Ferry Company Landings does not Materialize, Owing to the Absence of Members—A Foot Bridge and Bonds to Build it Contemplated by Mr. Milligan.

The meeting of the city council called for last night by the mayor to take action on the ordinance granting the Island Ferry Company the right to land on city property, did not materialize, neither branch securing a quorum, and after waiting until after 8 o'clock both adjourned. In the first branch Messrs. Caddell, Dobbins, Farrell, Hadlich, Haller, Robinson and Wiedelshel were present, and in the second Messrs. Bachman, Brill, Dinger, Filan, Hamilton, Knoko, Maxwell, Milligan, Robertson and Wheat. Mr. Zoetkier had been present, but left before the roll was called.

When the motion to adjourn was made in the second branch Mr. Milligan objected. An INTELLIGENCER reporter afterward saw him and learned that he was anxious to secure a meeting so that he could propose a new project, embodied in an ordinance he had ready to submit for consideration, and which was entitled, "An Ordinance to provide for the issue and sale of bonds of the city of Wheeling to be known as the 'Ohio River Midway Free Bridge Bond,' and for the redemption and payment thereof."

This read as follows: WHEREAS, A permanent and free bridge to foot passengers, across the east channel of the Ohio river at Wheeling, W. Va., is an urgent necessity; therefore be it ordained:

Sec. 1. For the purpose of providing means for the construction of a permanent and free bridge to foot passengers at a point midway between the suspension bridge and the new steel bridge across the east channel of the Ohio river, the mayor and clerk of the city of Wheeling are hereby authorized and instructed to make, and on the first day of May, 1894, or as soon thereafter as practicable, to deliver to the commissioners named by this council the bonds of the city of Wheeling, dated the first day of May, 1894, for an amount not to exceed two hundred thousand dollars, which bonds shall be of the following denominations: One hundred of the said bonds shall be of the denomination of one hundred (\$100) dollars each; one hundred of the said bonds shall be of the denomination of five hundred (\$500) dollars each; and the residue of the said bonds shall be of the denomination of one thousand (\$1,000) dollars each. Said bonds shall be numbered from one (1) upwards. The said bonds shall be made payable on or before the first day of May, A. D. 1914, with interest at the rate of six (6) per centum per annum, payable annually on the first day of May, 1895, and on the first day of May in each year thereafter until including the year 1914, for which interest coupons, in proper form, shall be attached to each bond, with the signature of the clerk of the city of Wheeling engraved thereon. The said bonds shall be signed by the mayor, countersigned by the clerk of said city, and sealed with the seal of the city of Wheeling, to be attached thereto by the mayor of the city. Neither the said bonds nor the coupons thereon shall be subject to taxation under the authority of the city of Wheeling.

Sec. 2. That the bonds issued in accordance with section one of this ordinance shall be used only for the following purposes: For paying for materials used in the construction of and labor in the construction of a permanent free bridge for foot passengers of the city of Wheeling across the east channel of the Ohio river at Wheeling, W. Va., at a point named in the first section of this ordinance.

Sec. 3. The commissioners shall pay, out of the moneys received by them under this ordinance, the coupons issued with the bonds issued under this ordinance as they become due; and they shall cancel, as they are redeemed, the bonds and coupons paid by them, and shall deliver to the clerk of the city all redeemed and canceled bonds and coupons.

Sec. 4. That the bonds issued in accordance with section one of this ordinance shall be used only for the following purposes: For paying for materials used in the construction of and labor in the construction of a permanent free bridge for foot passengers of the city of Wheeling across the east channel of the Ohio river at Wheeling, W. Va., at a point named in the first section of this ordinance.

Sec. 5. That the bonds issued in accordance with section one of this ordinance shall be used only for the following purposes: For paying for materials used in the construction of and labor in the construction of a permanent free bridge for foot passengers of the city of Wheeling across the east channel of the Ohio river at Wheeling, W. Va., at a point named in the first section of this ordinance.

Sec. 6. That the bonds issued in accordance with section one of this ordinance shall be used only for the following purposes: For paying for materials used in the construction of and labor in the construction of a permanent free bridge for foot passengers of the city of Wheeling across the east channel of the Ohio river at Wheeling, W. Va., at a point named in the first section of this ordinance.

Sec. 7. That the bonds issued in accordance with section one of this ordinance shall be used only for the following purposes: For paying for materials used in the construction of and labor in the construction of a permanent free bridge for foot passengers of the city of Wheeling across the east channel of the Ohio river at Wheeling, W. Va., at a point named in the first section of this ordinance.

Sec. 8. That the bonds issued in accordance with section one of this ordinance shall be used only for the following purposes: For paying for materials used in the construction of and labor in the construction of a permanent free bridge for foot passengers of the city of Wheeling across the east channel of the Ohio river at Wheeling, W. Va., at a point named in the first section of this ordinance.

Sec. 9. That the bonds issued in accordance with section one of this ordinance shall be used only for the following purposes: For paying for materials used in the construction of and labor in the construction of a permanent free bridge for foot passengers of the city of Wheeling across the east channel of the Ohio river at Wheeling, W. Va., at a point named in the first section of this ordinance.

Sec. 10. That the bonds issued in accordance with section one of this ordinance shall be used only for the following purposes: For paying for materials used in the construction of and labor in the construction of a permanent free bridge for foot passengers of the city of Wheeling across the east channel of the Ohio river at Wheeling, W. Va., at a point named in the first section of this ordinance.

Sec. 11. That the bonds issued in accordance with section one of this ordinance shall be used only for the following purposes: For paying for materials used in the construction of and labor in the construction of a permanent free bridge for foot passengers of the city of Wheeling across the east channel of the Ohio river at Wheeling, W. Va., at a point named in the first section of this ordinance.

Sec. 12. That the bonds issued in accordance with section one of this ordinance shall be used only for the following purposes: For paying for materials used in the construction of and labor in the construction of a permanent free bridge for foot passengers of the city of Wheeling across the east channel of the Ohio river at Wheeling, W. Va., at a point named in the first section of this ordinance.

Sec. 13. That the bonds issued in accordance with section one of this ordinance shall be used only for the following purposes: For paying for materials used in the construction of and labor in the construction of a permanent free bridge for foot passengers of the city of Wheeling across the east channel of the Ohio river at Wheeling, W. Va., at a point named in the first section of this ordinance.

Sec. 14. That the bonds issued in accordance with section one of this ordinance shall be used only for the following purposes: For paying for materials used in the construction of and labor in the construction of a permanent free bridge for foot passengers of the city of Wheeling across the east channel of the Ohio river at Wheeling, W. Va., at a point named in the first section of this ordinance.

posers in their hands, and the clerk shall preserve the same in a book to be provided for that purpose.

Sec. 4. This ordinance shall take effect from and after its passage.

Accompanying this Mr. Milligan intended to offer the following: Resolved, That a special election be held in the city of Wheeling for the purpose of issuing bonds to the amount of \$200,000 to be used in the construction of a permanent free bridge to foot passengers over the east channel of the Ohio River, the said election to be held March 10, 1894, and in accordance with the city ordinances.

Of course the failure to meet at least deferred action on his scheme, but he will offer it hereafter.

A HOTEL ASSIGNS.

The Clarendon, at St. Clairsville, Goes to the Wall.

The people of St. Clairsville were very sorry to hear yesterday morning that T. E. Clark, the proprietor of the Clarendon Hotel there, had made an assignment to John Pollock for the benefit of his creditors.

It was generally known that the hotel was built for Mr. Clark by a company which held a mortgage on it. St. Clairsville has been very proud of the hotel, which is one of the finest in Eastern Ohio, and Mr. Clark's management made it quite popular. It is hoped the matter will be arranged and Mr. Clark allowed to continue.

The assets and liabilities have not yet been made known.

MANY WEARY MOTHERS.

Tired Women Whose Nervous Energy is Not Enough.

The Sense of Exhaustion that Pains the Celery Compound Readily and Permanently Cures—The Experience of Mrs. Butler as She Tells It.

There are many weary mothers and tired young women who never have enough nervous energy to carry them through the day.

A sense of exhaustion comes from protracted in-door labor, the absence of pure air and sunshine.

To meet the needs of these spendthrifts of nerve force and vitality, Paino's celery compound has been prepared. New strength, new life, and new health comes to the whole system.

Paino's celery compound is the result of the life-long study and experience of one of the ablest physicians of his day, Prof. Edward E. Phelps, M. D., LL. D., of Dartmouth college.

MRS. E. D. BUTLER.

His experience was one of the largest, his scientific knowledge unsurpassed, that of any practitioner of this generation.

Prof. Phelps first prescribed Paino's celery compound, the remedy that gives strength to the weak, that makes the sick to be well, that gives food to the nerves, that cures rheumatism, kidney complaints, liver troubles, and all diseases that arise from an impaired nervous system, the remedy that is incomparably the greatest in the world.

Thousands it has made well. Here is what Mrs. E. D. Butler, of Cleveland, Ohio, says:

"I have used Paino's celery compound for headache and it gives immediate relief. I had used several kinds of headache drops and powders, and at last tried Paino's celery compound, which helped me at once. I think it is the best remedy for the nerves that I ever tried, and I have used several kinds."
